

AGING IN THE 21ST CENTURY:

Overcoming Challenges for the Modern Family

Healthcare professionals are being challenged with meeting the needs of a rapidly growing elderly population. Patients are living longer with more complex issues and less familial support. Healthcare professionals often find themselves navigating the complex dynamic of a blended family or cobbling together resources for an elder orphan.

Join us for a CEU workshop discussing these issues with Charles Bratton, Esq., and Anne Markel-Crozier, BSW, CSW from Bratton Law Group. 1 CEU is available for social workers, Certified Assisted Living Administrators, Certified Case Managers, and Licensed Nursing Home Administrators.

May 8, 2024

Registration: 4:00–4:30 p.m.

CEU Workshop: 4:30–5:30 p.m.

Mobile Axe Throwing: 5:30–7:30 p.m.
